

Fourth Partner Energy Pvt. Ltd

Scaling up solar energy in India

 Renewable energy  Green

Fourth Partner Energy Pvt. Ltd is a full-service renewable energy services company providing design, engineering, installation, and operation and maintenance services for rooftop solar photovoltaic systems. The company also produces lanterns, street lights, charge controllers and home lighting systems. Its customer base includes banks, fuel stations, offices, hospitals, hotels, schools, colleges and homes.

Founded in 2010, Fourth Partner Energy has until now (2015) helped in reducing CO2 emissions by 3,750 tons and has saved 7 million litres of water (as compared to a coal plant). This is also equivalent to the planting of 169,000 trees.

Hyderabad-based Fourth Partner has offices in Pune, Chennai and Delhi, and supplies its products and services through a network of dealers located across the country.

The loan is being used to scale-up and expand company operations.

Fourth Partner Energy Pvt. Ltd has been an Oikocredit partner since 2015.
